CAGE AND PEN CULTURE OF FISH

A PRELIMINARY BIBLIOGRAPHY

prepared for

The SEAFDEC/IDRC Cage and Pen Culture Workshop

Iloilo, Philippines

February 12 - 21, 1979

by

Deborah A. Turnbull

(Fisheries Information Science Specialist, IDRC)

IDRC -doc- 185

PREFACE

This bibliography has been compiled for the workshop on cage and pen culture to be held between February 12th and February 21st, 1979 in Iloilo, Philippines. It is a preliminary list of references which discuss aspects of cage and pen culture. Articles have been listed under general headings.

The references which have been marked with an asterisk provide excellent general accounts of cage, pen, and/or net enclosure culture.

A supplement to this bibliography will be prepared after the workshop is over incorporating articles on subjects which may not have been included in this bibliography but were discussed at the workshop.

The IDRC Fisheries Library does not have all the documents listed in this bibliography. However, the Information Science Specialist will be happy to advise those who do not have access to relevant articles on sources of literature where they may be obtained.

Please send additions, questions, and comments to:

CAGE AND PEN CULTURE OF FISH

A Bibliography

Supplement # 1

compiled by

Deborah A. Turnbull

(Fisheries Information Science Specialist, IDRC)

PREFACE

This bibliography was compiled subsequent to the SEAFDEC/IDRC Cage and Pen Culture Workshop held between February 12th and February 21st (1979) in Iloilo, Philippines. The references listed in A.G. Coche's *The Cultivation of Fish in Cages: A General Bibliography*, which was available to all participants at the workshop, have not been included in this bibliography.

The IDRC Fisheries Library does not have all the documents listed in this supplement. However, the Information Science Specialist will be happy to advise those who do not have access to relevant articles where they may be obtained.

In order to make this a comprehensive bibliography, your assistance is required. At your earliest convenience, please send any additional citations to the address given below and they will be included in a future supplement.

Deborah Turnbull,
Information Science Specialist,
